Story by: Jessica Suarez

Metric's Emily Haines will release her debut solo album this fall on Last Gang Records. The album, which was recorded over the last four years, is called *Knives Don't Have Your Back* and will be out September 26.

Unlike Metric's dancefloor-ready tunes, Haines' solo album is, according to the press release, "...an intimate and subtle collection of mellow, piano-driven tunes complimented by soft string and horn arrangements." The record features contributions from Sparklehorse's Scott Minor, as well as from some of Canada's finest bands—Broken Social Scene, Stars, and Metric included.

Haines has been performing solo, along with fellow Broken Social Scene member Amy Millan, in shows where Haines leads herself to a piano while blindfolded, then plays with her back to the audience.
